THE

M & J Developers, Inc.

ADVANTAGE BENEFITS

- We offer our customers a full-time design consultant to assist in drawing floor plans, elevations, 3-D images and site plans to assist with the information to make decisions with their home building project.

- Our design and consulting services can be custom fitted to your specific needs and also involve site inspections, help in acquiring subcontractor quotes and material bids.

- We offer a full range of project services. Whether you need a quote on your plan or need a plan to fit your budget, we can assist in complete design or minor alterations to fit your needs. We begin with your budget in mind and become a part of a team effort to blend our customer's unique design and taste into a reality. We can assist in lot selection, site design, local code authority approval and finance options to help you build a successful and satisfying home project that will serve your families needs for years to come.

*The home featured above is currently under construction and For Sale in a nearby subdivision. Contact us today for a tour of this home.
